At the recent dinner-dance held by the Cuban Hebrew Committee on behalf of the Greater Miami Jewish Federation's 1972 CJA-IEF campaign, Dr. George Feldenkreis, (left) received a Torah pointer, honoring him for serving three consecutive years as chairman of the Cuban Hebrew Committee, from Myron J. Brodie associate executive vice president of the Greater Miami Jewish Federation. Seated in front of them is guest speaker Efraim Halevy, counselor of the Israel Embassy in Washington, D.C.

Mossad's Efraim Halevy in Florida 1972. Haley was boss of Mossad on 9 11.

"Florida was the central networking base and staging area for the 'false flag' terror attacks of 9-11," writes Christopher Bollyn.

Florida is a key base for Donald Trump and Jeffrey Epstein.

In 2000, Donald Trump and Jeffrey Epstein "attended a small party hosted by media magnate **Conrad Black** ... an enthusiastic supporter of Trump's presidential bid."

Black is a former Steering Committee member of the **Bilderberg** Group. [41]

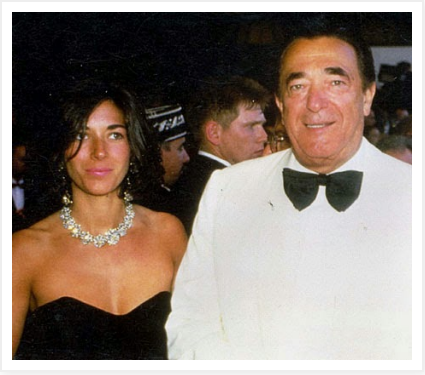
Donald Trump, New York Mayor Ed Koch and Donald Trump's mentor Roy Cohn.

Mark Epstein, Jeffrey's brother, testified in 2009 that **Trump** flew on Jeffrey's private jet at least once.

A 2002 story in Vanity Fair listed **Trump** as one of a small group, including Mort Zuckerman and Ronald Perelman, who periodically dined with Epstein at his Palm Beach estate.



Jeffrey Epstein's close friend Ghislaine Maxwell and Ghislaine's father 'Mossad agent' Robert Maxwell.

A 2003 story reported that Trump had dined at Epstein's Upper East Side home, in Manhattan.

That dinner was also attended by Google co-founder **Sergey Brin**, businessman Les Wexner, former British Cabinet minister **Peter Mandelson**, and Bill Clinton aide Doug Band.

Close friends and supporters of Trump include:

Zionist pharmaceuticals tycoon Stewart Rahr.

Attorneys Michael Cohen, Bradley Gerstman, and David Schwartz.

Palm Beach's William J. Diamond who helped Giuliani secure his $61 million dollar command center at 7 WTC.

Other tenants in the building included the Secret Service, the CIA, and the Securities and Exchange Commission, whose records of ongoing investigations into financial crimes were destroyed when Tower 7 collapsed.

Michael Dezer served in the Israeli Air Force.

In the 1980s, Dezer purchased a number of ocean front plots in Miami and, in partnership with Donald Trump, developed numerous properties including the $900 million Trump Towers, the $600 million Trump Grande Ocean Resort and Residences and the $166 million Trump International Hotel and Tower in Fort Lauderdale.[1]

Ehud Barak and Donald Trump both appear in Jeffrey Epstein's Little Black Book.

Trump says "Israel should move forward building settlements" in Palestinian lands.

Trump insists Israel should keep building West Bank settlements.

Trump has appointed David Friedman, who has close ties with the settler community, as his adviser on Israel.

He supports Israeli psychopath and terrorist, Bibi Netanyahu.
He was grand marshall of NYC annual Salute to Israel Parade.
His organization is filled with Jews in executive positions.
His daughter Ivanka converted to Judaism (2009) before marrying Jewish media filth, Jared Kushner (owner and publisher of New York Observer).
His son, Eric married Jewish media filth Lara Yunaska (2014).
His is very cozy with many Wall Street con men and has even stated that he intends to bring in these Wall Street scumbags if elected president.
He supported the Jewish Wall Street banking bailout in 2008.
He's a friend of convicted Jewish pedophile pimp, Jeffrey Epstein.

Trump's Jewish campaign manager Michael Glassner is linked to the handing over of the World Trade Center to Larry Silverstein.

Donald Trump was very close friends with Roy Cohn (above), accused of running child abuse rings for the CIA.

An Abridged History Of The United States Psychopathocracy!!!

The Syrian elections there was a massive landslide for Assad, but Washington says it is not legitimate, because it didn't have time to bribe enough people, or put in its 5th columns in place, or back all sorts of psychopaths, as they usually do.

I bet the Western newspapers are coming out with the same lies, and yet the Washington backed Saudi Arabia, Qatar, and Turkey and murderous dictatorships. These are the sort of people Washington prefers in power.

Paul Craig Roberts says that the democratic left in Latin America were too nice because they left the ruling class alone, and allowed them to keep control the media. They thought the Western backed ruling class

would behave fairly. But the Western backed ruling class throughout history has been a mass killing machine.

The US is responsible for the deaths of 20 to 30 million people since WW2, some say it's more. Millions more have had their lives ruined, and millions more lost their homes and their livelihoods. US backed destruction is everywhere, leaving millions of people suffering terrible pain.

But the US backs the world's media, and pays reporters to spread their propaganda. It can throw $billions at it, it's an investment for them.

Washington portrays the mild mannered, and gentle Assad as a brutal dictator, who murders his own people. But we now know that it was western backed mercenaries that shot the innocent 'Arab spring' protesters, it was a false flag.

The US is a lying, sick psychopath, but that's what the ruling class are, the British Empire was the same. The guys at the top just want the money, all of it, every bit of it, they don't care how many people they murder to get it.

Trump believes the official narrative about Tiananmen Square, and so be is a fascist, but want if Tiananmen Square was a Western backed hoax. It was even said that generals ordered the shooting of their own children who were with the protesters. Come on!

'Tiananmen Square : The Massacre That Wasn't: What really happened 25 years ago in Tiananmen Square? By Brian Becker'

http://www.informationclearinghouse.info/article38722.htm

Extract:

At the time the Chinese government's official account of the events was immediately dismissed out of hand as false propaganda. China reported that about 300 people had died in clashes on June 4 and that many of the dead were soldiers of the Peoples Liberation Army. China insisted that there was no massacre of students in Tiananmen Square and in fact the soldiers cleared Tiananmen Square of demonstrators without any shooting.

The Chinese government also asserted that unarmed soldiers who had entered Tiananmen Square in the two days prior to June 4 were set on fire and lynched with their corpses hung from buses. Other soldiers were incinerated when army vehicles were torched with soldiers unable to evacuate and many others were badly beaten by violent mob attacks.

These accounts were true and well documented. It would not be difficult to imagine how violently the Pentagon and U.S. law enforcement agencies would have reacted if the Occupy movement, for instance, had similarly set soldiers and police on fire, taken their weapons and lynched them when the government was attempting to clear them from public spaces

Covered by Carol Valentine years ago. Phil Kerr is currently before the Investigatory Powers Tribunal with his Barrister over this, they are calling some major witnesses. The IPT, MI5 and Govt are in melt down over this. Richie Allen very late to the subject, very closely connected to David Icke. Very dubious, very dubious timing of interview. ALL very old news to those who research this. There is one Witness who on his own could bring down MI5 and Special Branch. Resources have been switched on to this as the next line of attack against the Beast. It is the lawyer they tried to silence, Special Branch, when they had to announce the Child Abuse Inquiry. It is the guy who was behind Michael Murrin. He IS HATED by MI5.
HATED.

The Naz Shah Scandal Shows that the Right Has an Anti-Semitism Problem, By Sam Kriss

http://www.vice.com/en_uk/read/sam-kriss-the-right-has-an-anti-semitism-problem

Excerpt,

And I am. But I'm not afraid of Jeremy Corbyn or Naz Shah. I am afraid of the massed bien-pensants, those who claim to know what should be worrying me better than I do, who claim to be fighting my corner without my ever having asked for it. Naz Shah's "disgusting" Facebook posts were not about Jews; they were about the state of Israel. These are not the same thing.

It really shouldn't have to be repeated at this point, but anti-Zionism is not anti-Semitism. Israel is a foreign country, halfway across the world, with a long history of carrying out some extremely unpleasant acts on its three and a half million captive Palestinians. While it may claim to be Jewish, that does not mean it can then use an entire global Jewish diaspora as one vast human shield. The Jewish people have been around for much longer than Israel; most of us never asked for it, and many of us would like to have as little to do with it as possible. When opponents of Israel treat Jews in general and the government in Jerusalem as if they were the same thing, blaming one for the actions of the other, they are rightfully condemned. Why should it be any different when the same line's coming from people who claim to support us?

I doubt I'm the only British Jew who has encountered this phenomenon: being accosted by some smiling and well-meaning philosemite, so eager to tell you how much they love our people and how much they love Israel – and when you mention that, actually, you don't see much to love in murderous tinpot regime committing atrocities in your name, everything sours, and you're treated to the strange spectacle of someone who's never held a Torah in their life accusing you of being insufficiently Jewish, of being a self-hating Jew, of not understanding your own religion. It's the same when I'm told by newspapers and politicians that as a Jew I'm required to feel threatened by any anti-Israel sentiment. It might be paternalistic and condescending rather than exterminationist, but there's a word for this attitude: it's anti-Semitism.

Of course, anti-Zionist activism has its own anti-Semites – they might not be the same thing, but they can still coexist. In my experience, though, nobody is more invested in rooting out anti-Semitism within the Palestine solidarity movement than the Palestine solidarity movement itself. Unlike the Tory operatives, rooting around for paydirt with their snouts in the muck, the movement really does have a vested interest in denying a platform to Jew-haters. The more insidious anti-Semites of the Zionist Right, meanwhile, want Palestine solidarity to be as full of neo-Nazis as possible (and, of course, to have no Jews whatsoever), the better to delegitimise it. We're told that the Left is full of anti-Semites for whom anti-Zionism is just a convenient disguise, but if that's the case, then where are they? In almost every supposed scandal over left-wing anti-Semitism – from Corbyn himself, from Naz Shah, from NUS President Malia Bouattia – it turns out that the offending statement is just a strongly worded outcry against the violence of the Israeli state. Very little of it is victimising me. But, as all those who are shocked and furious on my behalf never stop reminding me, my opinion here doesn't really matter.

Nero was Jew--he converted. He persecuted Christians after that. So,you don't think other Roman emperors were under Jewish domination as are leaders today? Did yopu know that the main reason Ceasar was assassinated was that he made his won coinage with his own image on it, rather than use the Jewish goldsmiths, and that he was beloved of his people?

You rpbably have no diea tht the Jews through the Jewish Medici banking family--the Rothschilds of their day--infiltrated the Royal houses of Europe.

You probably do not realize that the founding Knights Templar and Jacques de Molay, their leader were all Jews who established the first modern bank and set out to loot the the world?

There is no question that Jews have completely infiltrated Western thought--as evinced by your naive statement that it is really "Zionists"(a largely nineteenth century movement) not Jews. So where are all the good Jews? Anyone really speaking out against their perfidy and slaughter and torture of Palestinians and other Gentiles? The Protestants aren't even real Christians and act more like Jews most of the time. The Catholics went beyond the point of no return when they broke off from the real Christian church and became the looters and destroyers of the crusades (some against the true church), and today, a centralized homosexual pedophile ring.

The Jews in the west have convinced Gentiles that it is a good thing to murder their unborn, to be promiscuous, perverted, and homosexual. They have convinced idiots to think there is no God and it is all a big nothing.

Yes, these phonies who have contributed nothing of beauty or good to the world, but who are liars, and destroyers, and who seek to enslave all have really succeeded with those who never read what Romans and Greeks wrote about them before Christ, nor are they aware of the real history of their filth.

REad their holy book, the Talmud, where they reveal themslves, or thier more recent playbook, the Protocols of the Elders of Zion, or the letter

to the chief rabbi of Constantinople in 1492.

Maybe you forgot that the genocidal "Christopher Columbus" was a Portuguese Jew, who was also Kabbalist who not sent by Queen Isabella, but by desperate Jews in search of gold for bribes against the 1492 expulsion.

The first trick of the devil is to convince the ignorant he does not exist.

Oh and by the way, DNA studies on the bones at Masada (site of a Jewish fairy tale) show that all bones are of Romans, not Jews or any Semitic people either, and that most of them were cannibalized.

I can only conclude that you, and those who believe that it is only "Zionists" and not those who self-identify as Jews, have never studied history, but get their information from Jewish Hollywood movies and Talmudvision.
